Introducing Hawaii's Leading Interscholastic Football Players For Season of 1917

 All-Inter-scholastic football team for season of 1917—The players from left to right upper row are: Fawcett, Punahou, end; Clark, Kamehameha, tackle; Robinson, Punahou, guard; Pratt, Punahou, center; McKimley, guard; Lydgate, Punahou, tackle; Husey, Kamehameha, end. The lower figures, left to right are: Coleman, Kamehameha, half back; Mahikoa, Punahou, quarter back; Peterson, Punahou, full back; Pogue, Punahou, half back.

MISS VICARS AND AL. CASTLE TAKE SEMI-FINAL DUEL

Miss Maile Vicars and A. L. Castle defeated Mrs. Frederick Schaefer and Capt. William Warren in the semi-final match of the patriotic tennis tournament yesterday afternoon at the Hawaii Polo & Racing courts by a score of 6-2, 9-4.

The play was interesting throughout. Mrs. Schaefer played the best tennis of the day, returning a number of hard shots for points. She was especially effective in returning to the back court and her angle shots were often noted by her opponents. Miss Vicars played good tennis at times, but her all-around work did not approach that of Mrs. Schaefer.

A. L. Castle played a steady game throughout, and made a number of hard shots. His play of yesterday was a big improvement on that of the first match. Billy Warren was in the game at all times, and showed some great flashes of tennis. He was erratic at times, but the play of Mrs. Schaefer was a big help in the close games. The match was filled with sportsmanship and although the winners won in straight sets there were a number of hard fought rallies.

First Set
 Vicars and Castle, 9-7 6-4 2-4 4-5
 Schaefer-Warren, 7-5 4-1 4-7 5-3 6-2

Second Set
 Vicars-Castle, 2-4 2-5 4-2 2-4 3-6
 Schaefer-W., 4-2 1-4 3-5 4-2 2-9 4

Team, and will no doubt be able to secure games with the members of the Oahu League. This would be the ideal plan and might work out, but as far as an all-star team of football players picked to play against a home team, it doesn't look reasonable. If a team was coming here from the mainland it would be a different proposition. Then it would be worth while working for.

NIPPU JII WILL BOOST BIG RELAY

The Nippu Jii, always interested in the promotion of athletics among the Japanese, has taken an interest in the big Volcano run to Hilo, and the Japanese newspaper is going ahead on a plan

to raise money to take the athletes from Honolulu to Hilo.

This newspaper has promoted a number of athletic events, including bicycle races, and with such an array of runners, as may be found among the Japanese, the prospects are bright for sending a strong team to carry Madame Felle's message to Father Neptune.

Mills has a number of Japanese runners, including Teragawa, while the Japanese high school has a real squad. The Japanese have always been inter-

ested in long-distance running, and it would not be at all surprising to see the Japanese team the favorites when the team is lined up.

Fritz Kreisler, violinist, an officer in an Austrian army who is charged with sending funds collected at receptions to Austria, will be barred from concerts in Pennsylvania, towns.

The Uruguayan government decreed an embargo on gold shipments to Argentina.

Volcano Run Attracts Much Attention In Army Circles

Coast Defense, 2nd Infantry, Department Hospital, 9th Field Artillery and Other Organizations Lining Up for Big Relay Race From Kilauea to Hilo—Other Regiments Are Expected to Be Represented—Chinese and Japanese May Have Teams

THEY MAY ENTER RUN

Pan-Pacific Club team.
 Coast Defense Relay team.
 2nd Infantry, Fort Shafter.
 Department Hospital team.
 1st Infantry, Schofield.
 32nd Infantry, Schofield.
 1st Field Artillery team.
 9th Field Artillery team.
 25th Infantry, Schofield.
 4th Cavalry, Schofield.
 Chinese, Island of Oahu.
 Japanese, Island of Oahu.
 Kamehameha School team.
 St. Louis Independent team.

At the present time there are 14 clubs and organizations which have teams to the big Volcano run from Kilauea to Hilo, Honolulu is to line up five teams for the big relay race, which promises to be unique in the world of athletics. The Hilo committee would like to see 14 teams entered from this island, but was sure of at least five organizations.

That there will be five teams entered is practically assured, but various organizations must hurry away to make the Oahu represent a big success. The citizens of Oahu have offered to pay all the expenses of the teams from the time they arrive in Hilo until their departure.

Six men will run the 20 mile Hilo down the slope, and automobile will be furnished by Hilo citizens to pick up the runners. Each man will run five miles. A valuable cup will be awarded the team winning the relay, and medals will be given to the individual runners. In addition, a bar presented to the runners in teams which make the distance less than 3:45.

It will cost \$20 for each man the round trip fare to Hilo. The arrangements have been made so the runners may leave Honolulu at 3 o'clock on Saturday and arrive at Hilo on Sunday morning. The race will be run on Monday, May 7, at 9:30. The expense will be \$100 for each team.

Coast Defense Team

The Pan-Pacific team is picked before long it is expected that other organizations will have teams selected. Lieutenant Tobin of Fort Kamehameha is anxious to put a strong team of runners up to the Coast Defense team. The Department Hospital long has been interested in the Volcano run and may see taking long runs up and down the hills around Moanalua. It is expected that they will be able to select at least six good runners.

The 1st Infantry has not as yet organized a team, but there are a number of runners at this regiment are interested. Lieutenant Mathias has been unusually busy with football, it is expected that some one will be delegated to line up a team for a run. The same holds good for the Cavalry, although Lieut. Monsarrat expected to issue a call for runners.

Falconer and Knight, two well known long distance men from the 9th Field Artillery, are anxious to line up a team, and are going ahead on a plan to round up a number of the best of the regiment. Inasmuch as the expense is not heavy, it is possible the 9th Field will be represented by a team.

The 1st Field Artillery is never behind in the athletic line, and Captain Ignatius Fealy and a number of the other officers will no doubt line up a team, as there would be a rivalry between all the teams and especially with the 9th Field.

Capt. Carr has been away from the field for some time, but it is expected that he will line up a team.

a number of athletes, and the question of finances should not bother them. Col. Carman, who is at the head of the regiment, is a great booster for clean athletics, and it is to be hoped that he becomes interested in the plan.

Chinese and Japanese
 Locally there is a plan on foot to send a representative Chinese and Japanese team, and if Kamehameha does not enter a Hawaiian team may be formed. Kam has a number of long distance runners and would be in the running from the start to the finish.

Chun Lee Fook, Woon and a number of other star Chinese runners have an excellent chance to organize a Chinese team, and the Chinese merchants of the city may join in sending a representative organization to Hilo.

With the Nippu Jii taking an interest in the event there is certain to be much enthusiasm among the Japanese. The Japanese high school has a number of runners, and with Teragawa and others on the team the Japanese would perhaps be one of the strongest aggregations which could be gathered together.

BRITISH NAVY BOASTS HUNDREDS OF BAGPIPES

[By Associated Press]
 LONDON, England.—It required a European ear to force the bagpipes on the British navy. Four years ago only two British warships had official pipers on board, whereas today it is exceptional to find a warship or a naval establishment without its piper. Very often there is a whole piper band.

General Gurko of the Russian army declared that Premier Kerensky showed lack of sense when he blamed the British for the defeat of the Russians in the Baltic.

Men recommended for commissions at the close of the second series of officers' training camps will be called into active service only as there is actual need for them.

What Healthy Nerves Mean to You

A strong, vigorous nervous system means health, strength and ability to endure hardship and also to enjoy the life. The man with healthy nerves accomplishes greater tasks with less fatigue. He has a clear eye, an active brain and a sound body. He is enabled to do all long distance running better and work faster. He has the various posts interesting. With healthy nerves he can run, communicate with him, overcome the hardest competition, be successful and gain wealth.

Sergeant J. J. Quinn of the 2nd Infantry has been busy lining up a team of runners, and it is certain that he will have a strong organization. It is thought that he will have a number of runners, and it is expected that some one will be delegated to line up a team for a run. The same holds good for the Cavalry, although Lieut. Monsarrat expected to issue a call for runners.
